With a typical class of just 50 students, the SFU Beedie MBA experience is as personalized and interactive as it gets.

You’ll have the opportunity to explore your interests, and learn from a diverse international cohort. The small class size facilitates an interactive and applied learning environment, where you’ll work closely with faculty. Your classmates will become lifelong friends and invaluable business connections.

And you’ll graduate with a business management toolkit that applies across industries, providing you with more career options and greater mobility.
ENGAGE YOUR BRAIN

12 MONTHS OF ACADEMICS, PLUS A 4-MONTH WORK TERM

You want to take your career to the next level. The SFU Beedie MBA will give you the edge you need to get there. By combining theory and application, the program will give you a strong grounding in business fundamentals.

As you move through the 12-month academic component in the centre of Vancouver’s diverse, vibrant and entrepreneurial business community, expect to become immersed in deep, thought-provoking questions and real-world business problems. Instead of memorizing textbooks and taking standardized tests, you’ll learn through interactive and experiential learning methods.

THIS IS A YEAR TO REMEMBER
Co-Curricular activities are encouraged and celebrated at SFU Beedie. These activities will provide hands-on leadership experience, hone your business skills and grow your network.

CROSS-CULTURAL EXPERIENCES
During the fall semester, you will have the opportunity to visit Indigenous communities and industries working with Indigenous people to gain a better understanding of how Indigenous issues interact with business, culture, language, history, geography and law.

Between the spring and summer terms, you will have a choice between two international cross-cultural experiences. The cross-cultural experience is designed to expose students to a new cultural and institutional setting in ways that will not only educate you about this particular culture, but will also help you gain a broader understanding of the complexities of working in a multi-cultural business environment.

“The International Cross-cultural trip to Brazil was one of the best experiences in the MBA program. We learned about Brazilian culture and the differences in business operations, but most importantly, we connected with each other outside of the classroom and made lasting friendships.”
— Rima Vasudevan, MBA Student

* statistics from MBA class of 2017
Vancouver isn’t just about spectacular mountain, ocean vistas and our mild climate. It’s a gateway to the Asia-Pacific region and a centre of entrepreneurship in Canada and North America. Vancouver’s dynamic and supportive business community has seen it establish itself as Canada’s tech start-up hub. This has in turn prompted Boeing, Facebook, Amazon and Microsoft to set up local offices, as well as attracting the world-renowned TED Conference to the city.

**THE BUILDING**
You will spend most of your days at the Segal Graduate School campus in the heart of Downtown Vancouver. Its 60,000 square feet accommodates the finest in meeting and classroom facilities. The central location makes commuting easy and helps integrate you into the local business community. It also provides easy access to Vancouver’s dining and entertainment scene for those all-important post-class get-togethers.

**STUDY IN THE HEART OF VANCOUVER’S BUSINESS DISTRICT**

**RYAN CROSS**
FOUNDER AND CEO, DISTILL ANALYTICS

“I wasn’t looking to build any more of my research credentials, I was looking for a new skillset. The MBA gave me the opportunity to really widen my skills and knowledge, to showcase what I can really do.”

**KELLY SCOTT-GRAY**
PROJECT MANAGER, LULULEMON ATHLETICA

“I liked the small class sizes. It’s a lot easier to become friends with 50 people than 150 people, and I now also have a great international network.”

**MORENIKE AKINYEMI**
CONSULTANT, STRATEGY & OPERATIONS, DELOITTE

“The program helped me change the way I would see a problem or assess a situation. Now, I understand how an organization functions from different perspectives. I can assess all of these different perspectives and connect how they can fit together into an overarching strategy.”

**MBA ALUMNI PROFILES**
SFU Beedie MBA students enjoy priority access to SFU’s apartment-style Downtown Vancouver Residence, which is at the centre of a dynamic living and learning community of entrepreneurship and ideas.

Opened in 2016, the residence is in the same building as the Charles Chang Institute for Entrepreneurship. The Institute is also home to RADIUS Social Innovation Lab and Venture Incubator.

Living at the residence lets you live in the heart of Vancouver—recognized as one of the most livable downtown areas in North America—and walk to class. You can choose from a range of accommodation options, from studios to two-bedroom and study units. Shared amenities provide all the comforts of home.
