THE FIRST EMBA IN CANADA

THIS ISN'T JUST ABOUT ENHANCING YOUR CAREER – THIS IS ABOUT ENHANCING YOURSELF

SFU Beedie’s Executive MBA (EMBA) program goes beyond an MBA. It is designed for executives like you who have extensive leadership experience. In this program, you’ll unlock your full leadership capacity, decision-making confidence, and strategic know-how.

Your cohort is of the highest calibre. On average, they have 18 years of work experience, 10 of which is in management. They come from every industry. They’re thought leaders. In fact, they’re a lot like you.

The SFU Beedie EMBA is designed for the stage you’re at in your career:

• It’s delivered in a part-time format over the course of 20 months so you don’t need to step away from your leadership duties.

• Classes take place in downtown Vancouver on alternate weekends in a retreat format: full day Friday and Saturday.

• The curriculum is intensive, yet created to be manageable for those operating in peak leadership roles.
THIS ISN’T YOUR TYPICAL PART-TIME PROGRAM

The SFU EMBA is designed to fit the demanding life of an executive.

We use a cohort model where you’ll push yourself alongside 40 experienced business professionals, many of whom have families, fast-paced careers and lives as full as yours.

The program ensures you can maintain the equilibrium between work, life and pursuing an EMBA.

“I am so impressed with how family-friendly SFU Beedie is. They made it possible for me to continue my studies and to also be fully available to my family. It was incredible the amount of support everybody—staff, faculty, my fellow students—gave me.”

ALL THE UPSIDES OF BEING DOWNTOWN

At the heart of downtown Vancouver is SFU Beedie’s Segal Graduate School campus, a heritage bank reimagined as a 60,000 square-foot landmark housing classrooms, meeting rooms and breakout spaces.

It’s centrally located with easy access to public transit, which makes getting to and from class exceptionally convenient.

Plus, you’re surrounded by cafes, shops and restaurants. It’s a neighbourhood as vibrant as any.
BROADEN YOUR HORIZONS

In the second year of the program, you and your international cohort will go on four nine-day intensive residencies at each of the participating schools. You’ll meet on each campus to expand your knowledge, connect with the local business community, attend cultural events and collaborate on a year-long global capstone strategy project.

A WORLD OF EXPERIENCE

Each of the four partner schools offers programming that draws on its core strengths.

SFU’s Beedie School of Business is home to Canada’s first Executive MBA program, founded in 1968. Accredited by AACSB and EQUIS, the school is a global leader in international business teaching and research.

FIA Business School created the first Executive MBA in Brazil in 1993, and has the only fully Brazilian Executive MBA ranked among the best in the world by the Financial Times. Accredited by the London-based Association of MBAs (AMBA), FIA was chosen in December 2010 as “the Most Innovative Business School in South America,” by European CEO magazine.

ITAM, Instituto Tecnológico Autónomo de México, was the first Latin American business school accredited by AACSB, and is one of fewer than 50 schools also to have accreditation from EQUIS and AMBA. With a world-class research institute in finance and economics, it is among the best business schools in Latin America as ranked by America Economia, and has been a leading player in Mexico’s executive education space for more than three decades.

A TRANSFORMATIVE EXPERIENCE

COHORT LEARNING
Your cohort will be made up of senior professionals who have, on average, nearly two decades of experience. Vastly different from any schooling you’ve pursued in the past, our EMBA utilizes an applied, interactive approach.

In fact, our faculty are skilled at acting like facilitators to leverage the wealth of experience in the room.

SIMULATED LEADERSHIP TEAMS
During the first year of the program we divide the cohort into teams made up of professionals with expertise in finance, marketing, operations and other functional areas. The result? A learning experience that simulates a real leadership team, except this time everyone takes a turn at the helm.

In all likelihood your team will become like your own personal board of directors, acting as a network and sounding board that you can turn to throughout your career.

INTERACTIVE LEARNING ENVIRONMENT
No two classes are alike. Each is filled with interactive lectures, cases, presentations and more. Throughout the program you’ll work in your simulated leadership team, collaborating on projects and sharing your business and life experience.

EXPERIENTIAL LEARNING
We bring leading business knowledge to life through cases, projects and class discussions designed to mirror the challenging situations you encounter throughout your career as the decision maker. In cases, for instance, you’ll consider real-world business scenarios.

Because the EMBA is part-time and designed for working professionals, you’ll be able to bring your work to school and vice versa.

SUPPORTIVE ENVIRONMENT
This is a safe place to make – and learn from – mistakes. You’ll bring your skills and expertise to complement that of your cohort and together, develop creative solutions to complex problems.

THE COMPANY YOU’LL KEEP
You’ll go through a lot together with your cohort. They’ll expand your network, deepen your experience, and transform the way you think about their areas of expertise.
