By pursuing a GDBA, you’ll gain a comprehensive understanding of your industry, company, and colleagues, establishing a solid foundation for an SFU MBA. Not only does the GDBA enhance your chances of admission to an SFU MBA program, but it can also significantly reduce your workload once you enroll. You will not have to repeat courses that are eligible for waivers in our MBA programs if you earn a grade of at least a B or a 3.0 GPA.

WHY START WITH THE GDBA?
Even if you have your sights set on an MBA, there are numerous advantages to pursuing a GDBA as the first step:

• Acquire MBA-level business knowledge that can be immediately applied at your work.
• Maintain a healthy balance between work, personal life, and studies.
• Spread the cost of tuition over a longer period, as transferable GDBA courses would be deducted from your MBA tuition.
• Experience graduate-level business education prior to entering an intensive MBA program.
• Secure a GMAT waiver: a GMAT test score is not required for GDBA enrollment. Achieving a CGPA of at least 3.5 in GDBA courses (14 credits) qualifies you for a GMAT waiver when applying for an MBA.

Lay the Groundwork for an MBA
In our GDBA program, you’ll have the opportunity to tailor your specialization according to your professional objectives or future MBA goals. You’ll have the chance to create a personalized study plan that aligns with your unique aspirations.
If you’re interested in pursuing one of our four MBA programs, please note the following requirements:

KATHERINE COWIE

*GDBA & MBA ALUMNUS*

**DANCE REHEARSAL DIRECTOR, BALLET BC**

“Business education is a far cry from being a performing artist, but I find that my curiosity of how everything fits together and functions has been amplified at SFU Beedie. Being a successful student requires discipline and a strong work ethic, which are not unfamiliar to a ballet dancer.”

Like all professional dancers, GDBA graduate and MBA candidate Katherine Cowie always knew that one day she would want to transition to a new career. For over 18 years, the Juilliard School alumnus travelled the world and enjoyed a successful career in the performing arts with roles as a performer, teacher, rehearsal director, collaborator, and artistic coach. When she decided it was time to put down new roots, she looked to her hometown of Vancouver for a business school that reflected her values and future goals.

In the last few years of her career, Katherine was balancing performance contracts with work as a teacher and choreographic assistant, which she thoroughly enjoyed. This sparked a larger curiosity in the business of arts, entertainment, and the non-profit world, and eventually led her to the GDBA program at SFU Beedie.
