“My interest in finance came from SFU’s BEAM program. It is not a trading simulation. It’s real money at stake and the training is extremely rigorous. It’s that whole package that SFU Beedie offers that prepares students for what investment management as a career has to offer.”

“I appreciated how integrated the BBA program was right from the start. Transferring from a smaller university, I had a preconceived notion that going to SFU meant I would be a small fish in a big pond. But SFU Beedie immediately felt like a community.”

THINK about your application now. Reach out to references early, don’t wait until the last minute. Plan ahead for logistics like application deadlines and methods of payment.

READ through the whole application before you begin. Take your time, and follow all instructions carefully. Be sure to review your completed application for errors before you submit.

REFLECT on your experiences—both challenges and achievements—and how they have prepared you for SFU Beedie.

BE AUTHENTIC because we want to learn about the real you. You can talk to others about your application, but we want you to tell your story in your own words.

BE ACCURATE because we evaluate all content and take falsification of information and plagiarism seriously. Make sure your references can validate your experiences.

HOW TRANSFER STUDENTS CAN ACE THEIR VIDEO INTERVIEW QUESTIONS

PRACTICE is the key to developing polished responses. Practice using our sample questions, review your recorded answers, then proceed to the official questions once you’re ready.

ASK A FRIEND or family member to critique your on-camera practice performance. Were your answers clear? Did you speak too quickly or too slowly? Be open to feedback.

REVIEW YOUR SURROUNDINGS and find a quiet space to practice, free from distractions and interruptions. Look for a neutral background in a room with good lighting. Consider using the same space to record your final submission.

STAY FOCUSED and be concise with your answers. Relate them back to the SFU Beedie program where appropriate.

DEMONSTRATE CONFIDENCE by looking into the camera as you answer questions to create the appearance of eye contact with the person reviewing your video. Maintaining eye contact shows self-assurance and focus.

SEEK OUT RESOURCES at your current institution—such as career services—to gain feedback and develop your interview skills.
