WHY DID YOU DECIDE TO PURSUE AN MBA AT SFU’S BEEDIE SCHOOL OF BUSINESS?

I decided to study at the SFU Beedie School of Business because it has an integral program that allows me to not only build my professional and managerial skills, but also to develop my career path in Vancouver. The MBA program offers an enriching experience in which students can be immersed in different activities within a culturally diverse cohort, from which they can learn about their experiences to obtain a broader understanding of how business operates around the globe. In addition, I chose Beedie because through the Career Management Center I will be supported to expand my network and to position myself in my future workplace.

WHAT IS IT LIKE TO STUDY AND LIVE IN VANCOUVER, CANADA?

It is a great experience to study and live in Vancouver, because you have the best of both worlds: the amenities of the spectacular city and the wonders of the nature that surround it. In a relatively short distance, students can move from downtown to natural places like Stanley park or English Bay to disconnect and take a break from their daily routine. Additionally, Vancouver is full of diverse people and companies willing to make an impact in the community, so the opportunities to develop your career path and contribute to the city are numerous.

WHAT HAS BEEN YOUR FAVOURITE MOMENT OR EXPERIENCE AT BEEDIE SO FAR? WHAT ARE YOU LOOKING FORWARD TO?

My favorite experience at Beedie so far has been the orientation week. I believe that time was very productive for the cohort to get to know each other better. I look forward to participating in the international applied project where we will go to Singapore. This activity will be very enriching to not only expand our international knowledge in business, but also to make great memories and long-lasting relationships.
