WHY DID YOU DECIDE TO PURSUE AN MBA AT SFU’S BEEDEIE SCHOOL OF BUSINESS?

The main reasons I am pursuing my MBA at SFU’s Beedie School of Business is the diversity and size of the cohort. It is a common theme that every successful city in the world has the highest diversity of cultures and people. I love that Beedie cautiously hand picks every single student from across the globe, industries and experience. The program transforms us to excel in a cross cultural environment, making the MBA program an experience with various perspectives. I am currently part of a cohort with people from 13 different parts of the world. Another bonus is that the maximum cohort size is 55 which gets every single student actively involved.

WHAT IS IT LIKE TO STUDY AND LIVE IN VANCOUVER, CANADA?

Vancouver has been my dream city for the past 5 years and it can’t get more beautiful than this! More than the aesthetic beauty, I like the energy and flow of life here. People are warmer and more approachable here than any other part of the world I have been to. Vancouver has a lot of facilities for students such a public library, museums and more for free. The ambiance here is diverse and makes me want to thrive and learn.

WHAT HAS BEEN YOUR FAVOURITE MOMENT OR EXPERIENCE AT BEEDEIE SO FAR? WHAT ARE YOU LOOKING FORWARD TO?

During the orientation, we had a Leadership and Teamwork session in which we were split into teams. It was the second day of orientation and I was a little nervous. However, the moment we grouped, I totally forgot about everything and focused on the task at hand. We had to build the tallest and most aesthetic tower of balloons against a time constraint. It was wonderful to see everybody with the same energy, collaborating. It was the first glimpse of teamwork I saw, and it made me enthusiastic about the teamwork in store for us, throughout the program.
